The Face of Landscape Design

BORSELLO LANDSCAPING ›

Borsello Landscaping is known for its high-quality design and installation of landscaping and exterior-living projects, serving Delaware, Maryland and Pennsylvania. Started by Mike Borsello, the business has grown from the humble beginnings of “a guy with a push mower” to 20 years of being regarded as one of the area’s highest-quality landscape-design firms, with an entire fleet of eye-catching vehicles. Mike’s passion for outdoor living spaces is evident in every home Borsello Landscaping touches. His team shares the same care and creativity and, as a working family, creates stunning landscape masterpieces.
